Career Summary

Detail-oriented and adaptable technical professional with 10 months of combined experience in software development (Flutter) and IT support. Proven ability to diagnose, troubleshoot, and document system errors across Windows, Linux and MacOS. Possesses a strong foundation in programming (JavaScript, C++, Dart), Git, and technical documentation. Eager to apply a problem-solving mindset and technical skills to a career in Quality Assurance, with a strong interest in learning automation.

Career Objective

To leverage my full-stack development skills and problem-solving mindset to build efficient, scalable, and user-centric web applications. I aim to contribute to innovative teams where I can continuously learn, tackle real-world challenges, and grow as a software engineer.

Experience

Name of The Company   : Softvence Agency (Present)
Designation   : Flutter Developer
Location   : Mohakhali, Dhaka-1206
Start from   : 01 August 2025

- **Develop and maintain cross-platform mobile applications using Flutter and Dart.**
- **Collaborate with team members using Git for version control and code management.**
- **Handle application deployment and communicate directly with clients to gather requirements, provide updates, and support.**
- **Proactively identified, documented, and tracked bugs and UI/UX issues, collaborating with the team for rapid resolution.**
- **Contributed to improving development workflows by providing feedback on testing and deployment processes.**

Name of The Company   : Bit to Byte
Designation   : IT Support Executive
Location   : New DOHS, Mohakhali, Dhaka-1206
Start from   : 01 February 2025

- **Provided technical support to end-users, resolving hardware, software, and network-related issues across Windows and Linux systems.**

- **Diagnosed and troubleshot system errors, performed routine maintenance, and ensured minimal downtime for workstations.**
- **Assisted in configuring and maintaining local network infrastructure, including routers, switches, and peripheral devices.**
- **Collaborated with internal teams to document technical procedures and streamline support processes.**
- **Delivered basic user training and support, improving overall IT awareness and reducing recurring support requests.**
- **Gained hands-on experience in system administration, user account management, and helpdesk operations.**
